OUR FOUNDING VISIONARIES

Mr. Anand Prakash Chouksey

M.Sc (Gold Medalist)

Founder & Chairman

Mrs. Manjusha Chouksey

M.Sc (Gold Medalist) & B.Ed

Founder & Academic Director

In alignment with the National Education Policy (NEP), children now enter Grade 1 at the age of 6 and complete Grade 12 by the age of 18. At Macro Vision Academy, we see this as a powerful opportunity—a chance to transform these 12 years into a journey of excellence.

Our mission is to nurture visionary thinkers and future leaders who have the skills, courage, and mind set to shape industries, uplift communities, and make our nation proud.

Why wait for college to unlock potential? We strive to deliver, by Grade 12, the kind of education and skillset that students typically gain after four years of college. This is not just a goal—it is our mission.

Mr. Kabir Chouksey

MBA & B.Sc (Australia)

Director

Mrs. Devanshi Chouksey

M.Sc, M.Sc. (Ireland)

WE MAKE GREAT HUMAN BEINGS

INFRASTRUCTURE

ALL IS WELL MULTI SPECIALITY HOSPITAL

VISION UDAN

The Udaan Wing, one of the liveliest and most vibrant parts of our campus, accommodates our youngest hostel residents. Constructed between 2006 and 2013, it spans over 1,00,000 sq. ft. This academic wing stands out for its unique approach—seamlessly integrating the traditional school curriculum with preparation for competitive examinations, equipping students for future academic and personal success.

ANHAD ANAND AUDITORIUM

Often described as the "World's No. 1 School Auditorium" for its sheer scale and design excellence, our auditorium seats 3,200 people and stands as a benchmark in school infrastructure. Equipped with advanced sound and lighting technology, along with comfortable, theatre-style seating, it is a grand venue for cultural events, seminars, competitions, and school functions — a true hub of creative and academic energy.

VISION MANTRA

Established in 2003, this 30,000 sq. ft. facility provides 42 spacious classrooms designed for young students. Each classroom is equipped with state-of-the-art technology, including interactive panels, to enhance the teaching and learning experience.

VISION VISTA

Vision Vista is an exclusive girls' school wing featuring 8 classrooms for grades 6 to 8, designed to provide a safe, inclusive, and supportive learning environment within the residential campus. With spacious halls and well-equipped classrooms, it ensures both comfort and convenience for students.

VISION PETALS

Built-in 2014, offers luxury and innovation with 16 elevated AC classrooms and 96 AC hostel rooms, covering 88,000 sq. ft and providing a seamless learning environment with Interactive Flat Panels.

PASSION HOSTEL

Established in 2007, this bustling residential wing accommodates 550 boys and features a unique rectangular structure surrounded by gardens. It is a cherished morning hangout spot among students, adding vibrancy to the campus.

VISION PARADISE

A 1,50,000 sq. ft. boys' residence was built in 2017. The building is designed over a large pond utilised for water harvesting. The infrastructure features air-conditioned classrooms for senior students, with glass walls for an open learning environment. The hostel ensures comfortable and secure living accommodations.

JOSH CLUB

Josh Club is a state-of-the-art indoor sports arena, featuring eight international-standard badminton courts and 20 professional table tennis setups. It also includes a dedicated center for chess and carrom, promoting strategic thinking through mind sports. Training is led by a national-level badminton coach, ensuring high-quality athletic and mental development.

VISION DIVINE

Built in just 10 months, 1,30,000 sq. ft. of area, the Divine Wing offers a secure, spacious, and serene environment for our girl students. The facility houses a hostel with a capacity for 720 students and features 25 hi-tech classrooms designed to enhance learning. It also includes an in-house salon, providing premium amenities for student well-being.

ADVANCED KITCHEN

"At the heart of our campus is one of the most advanced school kitchens in the country — built to prepare over 25,000 fresh meals every single day, all year round. Designed with cutting-edge technology and guided by FSSAI standards, it combines automation with care to deliver nutritious, hygienic, and flavourful food. Every meal is planned according to scientifically curated nutrition charts, ensuring that students receive balanced, high-quality meals that fuel both body and mind."
